NECA NATIONAL UPDATES

NECA Chapter Data Center Advocacy Toolkit Unveiled

As policy discussions surrounding data centers continue to grow across chapter markets, NECA has released a comprehensive Data Center Toolkit to help chapters navigate legislative outreach, community engagement, and policy advocacy.

Why it Matters

- Provides a unified playbook for data center-related advocacy and outreach.
- Includes messaging guides, legislative meeting scripts, and workforce planning tools.
- Developed by NECA's Public Relations, Government Affairs, and Labor Relations teams, with input from chapter executives for real-world application.

What's Included

- Messaging guides and talking points
- Legislative visit scripts and leave-behind templates
- Member email, phone, and social media templates
- Myth vs. Fact responses for legislators and media
- Workforce and manpower planning resources
- Data center footprint member survey
- Coalition maps, testimony templates, and additional advocacy tools

Important: Replace all bracketed placeholders with verified local information before external use.

• **Download Toolkit**
